Call for Workshop Proposals

We warmly invite you to submit a workshop proposal for the 33rd International Cartographic Conference (ICC 2027) in Warsaw, Poland!
Pre-conference workshops are a true highlight of the ICC program. Organized by ICA Commissions and Working Groups, these sessions bring our community together through research presentations, hands-on learning, vibrant research discussions, and meaningful networking.

Date & Venue
Workshops are scheduled for **Sunday, July 18, 2027**, at the Center for Innovation, Warsaw University of Technology (*Rektorska 4, Warsaw*).
A quick note on scheduling: We recognize that Sunday overlaps with the ICA General Assembly. We chose this day right before the main conference to save participants extra travel days and accommodation costs. However, if this timing presents a conflict for you as an organizer, please let us know—we will gladly work with you to explore alternative options, such as Saturday evening (July 17, 2027).

Organizer Responsibilities & Logistics
As a workshop organizer, you will lead the content: managing registrations, selecting presentations, designing your agenda, and communicating directly with your participants.
To ensure a smooth and comfortable experience for everyone, the ICC 2027 team will provide complimentary coffee and light refreshments during break times at the venue.

How to Submit
If you would like to host a workshop, please submit your proposal using **this form** by **December 10, 2026**. Notifications of acceptance and the final schedule will be published on the ICC website by **February 1, 2027**.

If you have any questions or need further details, please do not hesitate to contact us at workshops@icc2027.org. We look forward to receiving your proposals!
